### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney of record Michael Maddox on 14 July 2006.

The application has been amended as follows:

In claim 1, at line 6, after "extrusion" has been inserted --including said generally planar portion and--.

In claim 3, at line 11, after "includes" has been inserted --said generally planar portion,--.

2. The following is an examiner's statement of reasons for allowance: the prior art does not disclose a cooling system as claimed including a low profile extrusion having a generally planar portion for positioning substantially near the heat generating component and first and second arcuate portions extending from the generally planar portion to first and second sealed ends with the arcuate portions having the same generally constant arc radius. The Li patent (Fig. 11) shows an arcuate heat transfer conduit connected to a separate heat spreading plate with a planar lower surface and does not teach or render obvious making the central portion of the conduit planar while keeping an arcuate form to the remainder of a heat transfer conduit. Any comments

considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Teresa J. Walberg whose telephone number is 571-272-4790. The examiner can normally be reached on M-F 8:00 - 4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Eric Keasel can be reached on 571-272-4929. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
